Protection Against the Unexpected

Don't let the unexpected leave you short!

In today's fast-paced world, your vehicle's real value will decline faster than the balance you owe on your vehicle loan. This could leave you liable for thousands of dollars of financial liability (or negative equity) in the event that your vehicle is written off due to fire, theft or accident – that is over and above what your insurance policy will pay out. You could still be paying for a vehicle you no longer have, and that is a financial burden you don't need.

Companion GAP is "Guaranteed Asset Protection" and pays the negative equity up to **\$30,000**.

For a few dollars a month Companion GAP Protection:

- Could save you up to \$30,000 including refinanced negative equity from previous loans
- Protects your credit rating
- Locks in your rate for up to 7 years

Statistics show:

- Traffic Collisions cost Canada \$62.7 billion each year.¹
- Vehicle theft accounts for 13.5% of all property crime in Canada.²
- The rate of cars stolen in Canada is among the highest in the world. According to Statistics Canada a car is stolen every 3 minutes.³
